PRENSARIO INTERNACIONAL | PRENSARIO TI LATIN AMERICA | PRENSARIO MÚSICA & VIDEO

# Readership 2019/20

## Distribution

PRENSARIO INTERNACIONAL is a monthly publication, distributed simultaneously from Buenos Aires and Miami. The magazine is mailed First Class by Air Mail, avoiding the delays suffered by packages sent as Printed Matter. This guarantees immediate delivery across the region.

## Circulation

Basic circulation is 8,500. Bonus circulation at trade events (see Calendar) ranges from 1,000 to 3,500 copies, according to the size of the convention. Per-copy readership is extremely high: research shows that the issue is passed along the organization. An average of six to seven people read each copy during the first thirty days after delivery.

## Target audience

The publication aims at decision makers at broadcast television stations, pay TV systems, program producing companies and other professional suppliers and users of television contents, services and products. Wireless content providers is another key group. It is also read by advertisers, ad agency executives, government officials, lawyers, consultants and others.

## The language

Research shows that in Latin America only 3% of the population read English fluently, and only 6% understand spoken English. So, a publication intending to reach Latin Americans must be written in Spanish. But, to help Non-Latin Americans to understand what is happening in the region, additions distributed at advertising upfronts, NATPE Miami, NCTA, L.A. Screenings, MIP TV, NAB, TEPAL, Andina Link, ABTA, Punta TV Show and MIPCOM feature articles written in English. The Discop Istanbul, Natpe Europe and ATF editions are fully in English.

## E-mail service

An e-mail news service keeps the subscriber updated and builds up interest in the stories featured in the publication. The e-mail service does not “compete” with the printed version because it includes only brief news and excerpts from the stories.

## Website

Our website recaps the e-mail news and features articles, the Calendar and documents that are relevant to the business.

### And more

For the first time, U.S.-based advertisers can reach all the Latin American television markets through PRENSARIO INTERNACIONAL, the Spanish-language trade monthly publication. On top of that, we offer reaching worldwide programming buyers that attend European conventions MIPTV, MIPCOM, NATPE Europe and ATF.

Developed by the publishers of Prensario/TV & Cable, the leading South American TV trade magazine, Prensario Internacional is aimed at the needs of:

- **TV Broadcasters**
- **Cable TV, DTH and wireless operators**
- **Advertisers, ad agencies, media centers**
- **Telcos & wireless communications companies**
- **Wireless communications contents providers**
- **Internet access content providers**
- **Programming suppliers**
- **Pay TV channels**
- **Equipment suppliers**

#### **Prensario Internacional has been developed after several years of research:**

- It combines the best features of a magazine with the straightforward approach of a newsletter. It can be read in twenty minutes, yet provides the information a businessperson needs about the region.
- Its sleek format allows us to send it as a letter. So, it is immediately received through the region; your ad reaches your target in a few days, not weeks or months.
- The publication is distributed from Buenos Aires and Miami at the same time, to ensure fast delivery. No cornerscutting such as "air speed delivery" to third countries where the mail is cheaper.
- The publication carries no press releases, no hype. Readers get 100% news & commentary... and they appreciate it.
- Updated statistics: we care about supplying accurate figures about the TV, satellite, cable, wireless and telecommunications situation all through the region, be it in Chile or Panama. And we also include Spain!

# www.prensario.net and Prensario International Online

## All the power of the internet

Keeping pace with the expansion of the Internet, Prensario has developed a website: [www.prensario.net](http://www.prensario.net) and a weekly e-mail newsletter, PRENSARIO INTERNATIONAL ONLINE (PIO), with a 2015 circulation reaching 260,000 industry professionals per month, 270,000 business people in 2016, and 295,000 around the world in 2017. On top of this, special reports—in English and Spanish—are issued during the most important trade shows; and, listings of buyers from around the world are delivered to its advertisers.

The Website and the newsletter PRENSARIO INTERNATIONAL ONLINE (PIO) help cable operators, advertisers, producers, distributors, journalists and other industry participants to stay fully updated about the news in the industry. Website [www.prensario.net](http://www.prensario.net) is updated on a daily basis, from Monday through Friday, with more than one daily update when deemed necessary. During conventions such as Mipcom or MIPTV, they are also updated on Saturdays and Sundays.

To the companies advertising in PRENSARIO INTERNATIONAL magazine, the website and the e-mail newsletter are an excellent way to supplement their communication campaigns with instantly-reaching news about programming, product development, executive appointments, advertising sales and other important decisions they want to let be known.

Advertising options in the way of Banners, are available at the Website and the newsletter. Insertions are ordered on a weekly basis, from Tuesday through Monday. Those companies advertising in the printed edition of Prensario International magazine are entitled to special rates, according to the number of weeks in the year they sign up for. Packages offer 13, 26 or 52 weeks per year.

Banners in the Special e-mail newsletter reports issued during the major trade show are also available: see Calendar and media kit. These trade shows include NATPE, L.A. Screenings, Tepal, Jornadas and the aforementioned Mipcom and MIPTV, among others.

See the Calendar or visit our website.
